Forwarded by Shama Row Esq 2 June 1914

I beg kind permission to place before you the following for your benign and sympathetic consideration

I entered Government Service in December 1903 as Manager of the office of the Inspector-General of Education and after remaining about a year in that appointment I was at my own request shifted to the tutorial line I passed the M A Examination in English and French gaining the coveted honour of standing first in English in the whole presidency I have also written verses in English which have been appreciated by such eminent critics as Professors Macmillan Principal of the Elphinstone College and Covernton who was some time ago Director of Public Instruction in Burma I have on three occasions served for varying periods in colleges and given satisfaction to my official superiors as is clear from the copies of remarks in my Service Register herewith submitted In consideration of the satisfactory work done by me while acting as Professor of English at the Maharajah's College the benign Government were, in their Order No 205-6/Edn/29-10-10 dated 10th July 1911 pleased to sanction an allowance of Rs 100/- per mensem to me and when after a year or so in consideration of the same fact I was sent to the Maharajah's College the Government were about three years ago graciously pleased to sanction

sanction for me the special grade of Rs 210/- thus according me a place higher than all the officers in the 100-10/1-210 grade as shown in some successive issues of the Civil List When I was sent to Chickmagalur and Hassan as Head Master the High Schools there snatched away the first place in the Province producing as the latter did cent per cent of passes with a moderation of plus 30 to its credit and the Inspector-General himself was pleased to speak of my work there in terms of high appreciation And even the Shimoga High School, which had reached a very ebb of general tone discipline and intellectual efficiency at the time I took charge of it in the middle of August will as I expect give a good account of itself in the results of the S S L C Public Examination I need not say what an uphill work it was for me to raise the institution to its present level

-13 54

Now hearing that some of the officers in 100-10/1-210 grade will be given two or three increments I beg most humbly to request that in consideration of the above mentioned facts and to justify the superior special grade of Rs 210/- I request that instead of my being superseded by them for the uniform satisfaction I have been able to give to my official superiors in the various capacities of Manager Head Master & Lecturer in English in a First Grade College I request that, since it is nearly three years after I was placed in the special grade of Rs 210/- and since I have been sent back to malnad though I had put in three years of malnad service ---the benign Government of H H The Maharajah will be graciously pleased to give at least three increments in 200-20/1-300 grade, thus placing me at 260/- in that grade Copies of remarks from my Service Register have been appended for favour of perusal

I beg to remain

SIR

I have the honour to forward herewith for the orders of Government a Memorial from Mr M Venkataranga char B A Assistant Master High School Shimoga praying that he may be promoted to the grade of 200-20-300 and appointed as the Head Master of a High School or as a Deputy Inspector of Schools in the above grade I am unable to support the application

I have the honour to be

Sir

Your most obedient servant

M. Shama Rao

Inspector General

TNR

To,

C S Balasundaram Iyer, Esq , B A ,

Secretary to Government in the

Departments of Education & Commerce

BANGALORE

Through the Inspector of Schools, Mysore Circle, Bangalore

The humble memorial of M Venkatarangachar B A,

Assistant Master, Government High School,

Shimoga, most respectfully showeth

1 That soon after he graduated in the year 1889, he took up service in the Mysore Education Department and has now put in more than 24 years of approved service -of which the first five have been in the Chickkamagalur High School, the next two in the Shimoga College, the following ten in the Chitaldroog High School and the rest in this - High School where he still continues as Assistant Master

2 That the order appointing him in 1889 said that new graduates should begin on the minimum salary of the - grade, but as an exceptional case he would be given Rs 40/- to begin with in the grade of Rs 30/- 5 - 50/-, and he -- would be entitled to the next grade when a vacancy occured in that grade

3 That he was accordingly but 10 months after entertainment in service promoted into the grade of Rs 50/- rising to 80/- in the year 1890 and had had his increments granted to him without any let or hindrance After nearly five years of approved service in the Chickkamagalur High School, he was selected to be the Science Assistant in the Shimoga College, where he was for 2 years entrusted with

the

the teaching of Physiology in the F A , Classes The results in his subject were as good as the results in the other subjects The comparative statement given in appendix A will show the quality of the work turned out by your humble memorialist in the College and High School Departments during those 2 years 1895-96

4 In the year 1897 he was selected to be the Science Assistant in the Chitaldrug High School as well as the Meteorology Observer with an allowance of Rs 40/- in addition to his education pay This combined post he held for ten-years from 1897 to 1907 and in March of the latter year he was ordered in the exigencies of public service to this High School

5 That though it was once more to the Malnad, your memorialist took it up with pleasure in obedience to the Government orders and that he has been as before discharging his duties satisfactorily in spite of the depressing and enervating effect of the Malnad weather

6 That in consequence of his approved service the benign Government were pleased to promote him in the year 1905 to C Class 3 of Education Offices carrying salary Rs 100/-10-210/- and that your memorialist has by dint of approved service earned the increments in successive years and has now been drawing the maximum salary of Rs 210/- these three years

7 That during the long period of nearly quarter of a century your memorialist has been honest and industrious in the discharge of his duties to the best dictates of his conscience and that his humble work has been well spoken of by the different Head Masters under whom he had had the honour to serve Appendix B is an exact copy of what has been

been said of his work by the different Head Masters in his Service Register while appendix C is fairly an accurate re-production of what has been said about him in official communications from this High School during the years 1907 up to now

8 That his work has been at no time unfavourably animadverted upon by the Inspector General of Education - either in the Annual Report of the Department, on in the Visitors' Book of the School or Schools wherein your memorialist has served during this long period Appendix D is a faithful extract of what has been said in the Education Reports about the High School where your memorialist was serving in the year mentioned against each extract

9 That your memorialist's subject has been chiefly Physical Science in the High School Classes IV to VI throughout Appendix D shows clearly that his work in no year - offered occasion for adverse criticism at the hands of the Inspector General Appendix E is a tabular statement showing the results, as far as it goes of the different High Schools during the years specified It will be observed that in no year that School in which your humble memorialist worked has fallen very low but has on the other hand held the medium rank if not the best

10 That in addition to Physical Science for which your memorialist has been entirely responsible where ever he has served he has done a large portion of English work It may be stated that nearly 40% of his work has been in English Appendix F shows the time table he has worked during these seven years

11 That he has long looked for a Head Mastership if

nothing

nothing higher of a High School wherein he can show his mettle in full and entitle himself to an early promotion He stands high in the grade of Education Officers drawing salary Rs 100/- to Rs 200/-

12 That in the matter of filling up vacancies of Head Masterships of High Schools the policy till very recent times has been to select men from the top of the list in C Class 3 but in filling up the recent vacancies, this policy has been suddenly and unfortunately for your humble memorialist dropped and that juniors are preferred to seniors of whom your memorialist is one Messrs B V Krishnaswamy Iyer, B A , and S Venkataramanachar B A , are the fortunate gentlemen thus recently selected to be the Head Masters of the High Schools They are juniors to your memorialist in length of service and in pay while in educational qualifications they are no better than your humble memorialist Appendix G shows the comparitive - merits of your memorialist and of the two gentlemen mentioned above

13 That Mr K Narniengar, B A the late Head Master of the Shimoga High School having gone on furlough for four months from June 1913, while your memorialist was on the spot entitled in every way to act for him Mr K Narniengar was transferred to the Chitaldrug High School and Mr B Vasudeva Rao M A , the present Head Master was sent here from Hassan permanently so that by this ~~clever~~ move the temporary vacancy was shifted from here to the Hassan High School where Mr M Sivarama Krishna Iyer B A a teacher in the grade of Rs 50/- to 100/- and quite a junior has been since then appointed to act as the Head Master to -- make room for Mr Venkataramanachar, B A , nominated for

the

the place as temporary Head Master but who has not joined the duty yet

14 That Mr B Vasudeva Rao M A not being able to join his duty here soon after the order of transfer was passed your memorialist was in charge of this High School for 2½ months from June 2nd to 17th August 1913 when he believes he maintained the tone and the management of the High School to the approval of the Inspector General of Education and of the vigilent public of this place

15 That your memorialist was transferred to this High School in the year 1907 in the exigencies of the public service By about the year 1906 this High School was evidently found to be in a very bad condition so much so that people loudly complained against the tone and management of the School with the result that radical changes had to be effected by the Government The Head Master who was doing much of Science work was reduced to the status of an Assistant Master and was transferred to the Chitaldrug High School and your memorialist to this High School in his stead, as assistant master

16 That your memorialist could not get a chance of being appointed a Head Master during this long period of 24 years is due chiefly to the fact that seniors to him had first to get it, and that he had not even a temporary chance was owing to the fact that up to 1913, no where the Head Master under whom he had the honour to serve found any necessity to go on any kind of long leave and that a chance of the kind presented itself for the first time last year but as misfortune would have it , there was a slip between the cup and the lip, and the long expected chance was denied to him by the arrangements referred to in para 13 above

17 That under these circumstances your memorialist feels sadly disappointed and bitterly aggrieved as well as finds himself lowered in the public estimation and in the estimation of the large number of students coming in contact with him every year

18 That in addition to the loss of prestige and regard your memorialist fears that for no fault of his and in spite of his best and earnest eddeavours to rise high in the Department he runs the risk of losing a chance perhaps the best chance for promotion to the higher grade while his juniors recently aent as Head Masters have every chance of receiving promotions in the coming re-organization and leave your memorialist far behind in pay, in rank and prestige

19 That your humble memorialist has been specially unfortunate inasmuch as he has been in no way rewarded for the service he rendered in the College Department during the years 1895 and 96 while others who rendered a similar service in the College Department for a short period have been advanced to enviable positions

20 That under these circumstances your humble memorialist most humbly prays that you will be graciously --- pleased to submit with your kind support his poor and hard case to the Government for a just and generous consideration Your memorialist entreats that in the coming arrangements he may be kindly given the promotion at least to the grade of Rs 200/- to Rs 300/-, and be appointed as the Head Master of a High School or be sent as the Deputy Inspector in that grade

That in conclusion he subscribes himself to be

Your most obedient & humble servant,

2 1714 M Venkatarama Chetty

emorial to the Government of His Highness the Maha
of ysore submitted by A Venkataramanarain Rao, B A , son of r A
Venkateaiah, Assistant Yuvaraja's College (High School De-
partment), ysore

Thereth

1 That the memorialist's father Mr A Venkateaiah joined the
ysore Educational Service in 1888

2 That he was attached to the Maharaja's College, and used to
take High School Classes as well as College Classes un il the
year 1909, since when he is taking the High School Classes
only

That during all these years he has continued to give entire
satisfaction to the Principals of the College, not only by his
excellent work, but by his versatality in taking different
subjects

4 That in spite of such satisfactory service Mr Venkateaiah has
been overlooked very frequently, when his juniors have been
promoted and given superior grades, while r Venkateaiah has
been consistently left out in the cold

5 That the memorialist is now credibl informed that the Gov-
ernment have now before them a revised scheme of appointments
in t e cadre of the Educational Service

6 That he is credibly informed that almost all of those who
have been nominated y the Inspector General of Education for
posts of more than Rs 210 are juniors of Mr Venkateaiah

7 That the memorialist is further credibly informed that Mr
Venka eaiah's name does not occur amongst those who have been
nominated by the Inspector General of Education to be posted
into the higher grades although

(a) r enkatesiah is one of the most senior of those in the 100Rs -210Rs grade

(b) he has given the completest satisfaction to 'r eir and 'r Denham, the Principals of the College

(c) he is least entitled to promotion because of his long and satisfactory service, the more especially as he has also been in the College Staff for more than 1[illegible] years

The memorialist therefore prays that the Government be pleased to go thoroughly ~~with~~ into this matter and prevent this further injustice being done to r A enkatesiah
